CYBERSECURITY BOOT CAMP

DIPLOMA PROGRAM

Program Overview

Cybersecurity is the protection of computer systems and networks from the theft of or damage to their hardware, software, or electronic data, as well as from the disruption or misdirection of the services they provide.

With a large amount of digital information that has been created in the past few years, computer security and cybersecurity professionals have been highly sought out for. Our Cybersecurity Boot Camp will teach you the basics and essentials of computer security/cybersecurity and the security skills to ensure that you'll always be in-demand in the ever-growing technology industry.

Careers related to Cybersecurity:

- Digital Security Analyst
- Systems Security Administrator
- Network Security Administrator
- Network Security Engineer
- Information Systems Security Manager
- Chief Security Officer

CYBERSECURITY BOOT CAMP DIPLOMA PROGRAM

Learning Outcomes

- Analyze and resolve security issues in networks and computer systems to secure an IT infrastructure.

Futures Canadian College of Business, Health and Technology
Suite 100-3465 Semenyk Ct. Mississauga, ON L5C 4P9 (905)-412-3007

Futures Canadian College of Business, Health and Technology formerly Futures Academy of Health was founded in 2009 in Toronto, Ontario. The ability to have multiple classrooms and offering students smaller class sizes is a great advantage with various student and their learning curves. We want to ensure that our students will get the most out of their experience through our programs.
